

## PROFESSIONAL SUMMARY

Solution-focused and detail-oriented aspiring full-stack developer. Capable of writing production-ready code using React, Redux, and CSS on the frontend, Node.js and Express.js on the backend to build single-page applications. Passionate about coding and strongly interested in working in a fast-paced environment.

## PROJECTS

### 1. Razer.com

An e-commerce website where users can explore and buy IT products.

[Github](#) | [Deployed](#)
